Narcotics Anonymous sprang from the Alcoholics Anonymous Program of the late 1940s, with NA meetings first emerging in the Los Angeles area of California, USA, in the early 1950s. The NA program started as a small US organization that has grown into one of the world's oldest and largest in international organizations of its type. For many years, NA grew very slowly, spreading from Los Angeles to other major North American cities and Australia in the early 1970s. Within a few years, groups had formed in Brazil, Colombia, Germany, India, Ireland, Japan, New Zealand, and Great Britain. In 1983, Narcotics Anonymous published its self-titled Basic Text book, which contributed to NA's tremendous growth; by year's end, NA had grown to have a presence in more than a dozen countries and had 2,966 meetings worldwide. Today, Narcotics Anonymous is well established throughout much of North and South America, Europe, Australia, the Middle East, New Zealand, and Russia. Groups and NA communities continue to grow and evolve throughout the Indian subcontinent, Africa, and Asia. Today the organization is truly a worldwide multilingual multicultural fellowship with over 72,200 weekly meetings in 143 countries. Narcotics Anonymous books and information pamphlets are currently available in 57 languages, with translations in process for 16 languages.\*
